

Big Science Business Forum 2022 **04-07 October 2022, Granada (Spain)**

Registration deadline: 6 April 2022

Every year the Big Science organizations exercise procurements worth billions of euros, but Danish companies have yet to bolster their true potential. The export opportunities relates both to construction, daily operations, maintenance and high tech deliveries.

BSBF2022-participants will gain access to new markets by meeting procurement officers, key suppliers and technology experts.

MARKET FACTS

The global market for Big Science is estimated at EUR 36b annually of which Danish companies account for roughly EUR 40m. The Big Science market offers many opportunities in the coming years driven by new installations and upgrades of existing ones.

The first delivery to a Big Science organization will often lead to more deliveries. Collaboration with a Big Science organization often results in the supplier developing new products and services.

Big Science procurements is a blueprint for deliveries to other markets and yields a variety of spill over effects that can ultimately enhance growth for the involved partners.

THE FINE PRINT

The price is calculated on a basis of 8 participating companies and a 75 per cent subsidy from the Danish Trade Council. If the number of participating companies changes or if the support from the Trade Council is not approved, we reserve the right to offer participation at a different price. Should this result in a higher price than the one quoted you have the right to cancel your participation. Registration cannot be made dependent on a specific location at the Danish Pavilion e.g. corner booth.

The location of each company will be chosen by lottery, but size of area and competition situation between exhibitors will be considered. You are guaranteed not to be next to a competing company selling the same kind of products.

Registration is in accordance with the General Terms and Conditions for participation in Export Promotion Events of the Confederation of Danish Industry. Read and/or download [here](#).
