DI Rådgiverne, 360 Law Firm and Copenhagen Legal Tech invite you to this IBA evening event, where we will explore how geopolitics, AI and technological change put the rule of law under pressure - and what this means for business and society.

Jonas Christoffersen will share a Danish and European perspective on the geopolitical challenges to the Rule of Law and their implications.
Lawyer, dr.jur. and chair of the Advisory Board of Justitia

Nikki Shaver will offer a global/American perspective on how AI and technology are reshaping the landscape, and how we can embrace innovation while safeguarding fundamental principles.
CEO, co-founder of LegalTechnology Hub

Marlene Wind will set the scene and moderate the dialogue, bringing the perspectives together and opening the discussion to questions from the audience.
Professor, Director, Centre for European Politics (CEP) University of Copenhagen
