

**20% discount**  
on your patent application

## Dear member of Dansk Industri

You probably already know it: Securing your intellectual property rights can be crucial to the long-term success of your project.

That is why we are happy to present members of Dansk Industri with a particularly good price on the drafting and filing of your priority patent application.

**Specifically, we offer to draft and file your priority patent application at a set price of DKK 32.000 regardless of page count (price is before VAT, but including official filing fee). This equates to roughly 20% discount compared to our expected 2022 average price. **To profit from this offer simply schedule a free and non-binding meeting before the end of 2022.****

## Experience and entrepreneurial focus

Larsen & Birkeholm is a Danish IPR consultancy comprised of experienced intellectual property consultants with backgrounds spanning the Danish Patent & Trademark Office, large Danish corporations (e.g. Novo Nordisk, Rockwool and Coloplast) as well as other Danish IPR consultancies. Importantly, our large international network ensures that your IP rights are always handled securely across the world.

As consultants we approach entrepreneurs and startups with enthusiasm. Furthermore, we believe that it is important that you understand the protection of your invention, and we put great care into providing you with an overview before and keeping you up-to-date during the process.

On the next page we have featured three of our consultants. Please do not hesitate to get in touch with any of them if you have questions about our offer or the patenting process in general. We have also included an overview of the average expenses connected to a patent over time.

## Kim Hedegaard Povlsen

Patent Attorney  
BSc Mechanical Engineering

Kim is a veteran consultant with decades of experience of advising about patents. He began his career at the Danish Patent & Trademark Office and up until his employment at Larsen & Birkeholm, Kim was a patent attorney at Danish IP consultancy Zacco. Kim has followed many clients going from small startups to large companies — and with his knowledge and experience, he is always a source of strong and valuable advice.

## Inga Marie Wollny

European Patent Attorney  
MSc Chemical Engineering

Inga Marie has vast experience as a patent consultant. She has a background as an engineer from the Danish Technical University and started her career within IP at the Danish Patent & Trademark Office. She has worked as an inhouse patent attorney at large Danish corporations, including Coloplast and FLSmidth. She since moved into private practice as an IP consultant at Zacco before joining Larsen & Birkeholm in 2017.

## Average patent costs over time

The following costs are estimates and includes official fees to authorities and expenses to foreign agents (for the roughly budgeted national phase). Decisions can be made that will affect costs both positively and negatively. The 20% discount offered to members of DI Iværksætterordning will be applied on the activity 'Priority application'. All estimated costs are in DKK and excluding VAT.
