

E-world Energy & Water 2019

5-7 February 2019 - Energy Trade Fair, Essen, Germany

TRADE FAIR: The Confederation of Danish Industry in cooperation with the Danish Embassy in Berlin and State of Green is delighted to invite you to be part of the Danish Pavilion at one of Germany's and Europe's leading energy trade fairs.

E-world is one of Europe's leading trade fairs for the energy and water industries with 650 exhibitors from over 20 countries and 24,000 visitors from over 70 countries in 2018.

E-World focuses on IT and energy trading. This year's theme is "Smart City & Climate" solutions with an emphasis on intelligent and efficient solutions for an innovative energy future.

YOUR OPPORTUNITY

Join the Danish Pavilion with your own 9 square meter booth and a joint lounge area for you to dialogue with customers and other stakeholders.

Deadline for binding registration is Friday 28 September 2018.

WHY JOIN?

- Meet over 24.000 potential customers and partners from over 70 countries
- Get introduced to relevant official decision makers as well as financial actors
- During the exhibition, you will also have the opportunity to attend the conference
- Be a part of an attractive exhibition and network platform of Danish companies
- Increase your visibility and network through your own booth and the collective stand
- Benefit from the existing network between Danish and German energy stakeholders

E-world Energy & Water 2019

WHO SHOULD JOIN?

The exhibition is relevant for Danish companies working with:

- Energy generation
- Energy efficiency
- Water technology
- Transport
- Production and storage of renewable energies
- Smart, integrated, and green solutions
- IT related to the above topics

By joining the exhibition, you will get the opportunity to:

- Meet the right people
- Find or maintain the right business partners
- Promote your company
- Investigate interest and opportunities

RELEVANT PRODUCTS FOR THE VISITORS

The exhibition and the congress are two integrated parts of the event at E-world.

This means that conference participants can explore exhibited products and services that relate to the topics discussed in the seminars.
