

## Roundtable: Harmonized Regulatory Conditions within the Life Science Industry in Latin America

13. December 2018 at Industriens Hus (DI)

**Harmonized Regulatory Conditions within the Life Science Industry in Latin America! Join our seminar in Copenhagen on 13 December 2018 to find out what this means for your company.**

In 2011, Mexico, Colombia, Peru and Chile joined forces and established the Pacific Alliance – an economy that as a block constitutes the 7th most important market in the world.

The four countries have over the last years worked on streamlining regulation and approval process within the life science sector for products such as pharmaceuticals, cosmetics, dietary supplements and medical devices. These developments represent great opportunities for some product groups and for others they may mean more demanding regulatory conditions.

### WHY JOIN?

Would you like to know more about these opportunities and potential challenges? Then join us on 13 December when Mr. Javier Guzman, the former Director for the Colombian Food and Drug Surveillance Institute, visits the Confederation of Danish Industry and shares his knowledge on these issues.

*From 2015 until September 2018, Mr. Javier Guzman led the Pacific Alliance negotiations on harmonizing the regulatory conditions for the four mentioned product groups.*

### WHO SHOULD JOIN?

The seminar is relevant for companies within the life science sector:

- Cosmetics & medical devices
- Pharmaceuticals & dietary supplements

Confederation of Danish Industry

## PROGRAM

*A smoother and quicker approval process for the product groups? Can I apply in one country and then have my product approved in all four countries with the same registration? How will regulation develop in the Pacific Alliance? Can we expect a more strict regulation? To what degree will the regulation be harmonized? Will there be preferential treatment for generics and biosimilars?*

*These are just some of the questions that will be answered during the seminar.*

**15.15:** Registration

**15.25:** Welcome by the Confederation of Danish Industry

**15.30:** The Pacific Alliance – a successful economic integration story in Latin America?

**15.50:** Harmonized regulation and approval process for cosmetics, medical devices, pharmaceuticals and dietary supplements in the Pacific Alliance

**16.50:** Questions

**17.00:** Coffee and networking

**17.30:** End of programme

## PRACTICAL INFORMATION

**Time:**

13 December 2018 at 15.15 – 17.30.

**Venue:**

Industriens Hus, H. C. Andersens Boulevard 18, 1787 København K, Denmark.

**Price:**

The price is DKK 1900 excl. VAT per participant (DKK 500 for the second participant from the same company).

**Registration:**

Please register by the link below where you will sign up for one of the two tracks.
