

From startup to scaleup with Danish Industry

Kickstart your startup with a two-year-free startup membership of DI. Get access to our network of over 20,000 member companies, benefit from our legal expertise, and receive support in entering new markets. DI is committed to making Denmark the most attractive country for entrepreneurs and their innovative solutions.

Your membership benefits

1 Your startup community

At DI, you will have access to a community of like-minded founders engaged in a growth journey, as well as events focused on e.g. scaling.

2 Your advisor from startup to scaleup

DI is your advisor on the growth journey. Get assistance with employment law, scaling to new markets, AI, ESG, and much more.

3 Your political voice

We work to create the optimal conditions for entrepreneurs to start and scale their businesses both within Denmark and internationally.

Get a free two-year Startup membership if:

- You have either hired your first employee or are in the process of doing so
- You have no more than four full-time employees
- Your company is under five years old
- You have not entered into a collective agreement
- You have a Danish CVR-number
